

Excelling with Microsoft Excel

Grades K through 8

Chapter 1 – Excel Basics

The Screen	1
Cells	1
Entering Data	1
Making the Data “Fit”	2
Formulas	3
Functions.....	3
Formatting.....	4
Viewing/Hiding Gridlines.....	6
Charts	7
Saving	8
Printing.....	9

Chapter 2 – Show and Tell

Show and Tell Planning Page	11
Show and Tell Addition.....	12
Show and Tell Subtraction.....	14
Show and Tell Multiplication	16
Show and Tell Fractions	18

Chapter 3 – Patterns

Numbers through 100	21
Prime and Composite Numbers	23
Addition Facts.....	25
Multiplication Facts through 12 times 12	28
A Series of Numbers with a Pattern.....	31

Chapter 4 – Shapes

Alphabet Area	33
Exploring Rectangles.....	36
Graphing Rectangles.....	38
Exploring Parallelograms	43
Exploring Triangles	48
A Piece of Pi	53
Estimating Circle Area.....	56

Chapter 5 - Math Formulas and Functions

Expanded Form.....	59
Input/Output Machine.....	62
Mean, Mode, and Range.....	65
Greatest Common Factors.....	68
Finding the Least Common Multiple.....	70
Adding and Subtracting Fractions.....	72
Quotients and Remainders.....	74
Arabic and Roman Numerals.....	76
Exponents.....	78
Absolute Value.....	80
Square Roots.....	82

Chapter 6 – Graphs

“What’s for Lunch?” Picture Graph.....	85
Apple Pie Fractions.....	91
Number Lines.....	96
Plotting a Picture.....	101
Salt Water Tide Height.....	106

Chapter 7 – Games

Dice Roller.....	113
Game Board with Dice Roller.....	117
Frequency Tables.....	120
Random Numbers from 1 to 6.....	121
Dice Rolls.....	122
The Sum of Two Dice Rolls.....	123
Student Survey.....	124
States’ Areas.....	125
Guess the Number.....	129
Crossword Puzzle.....	134
Mad Lib.....	138
Bingo Card Generator.....	141
Scavenger Hunt.....	144

Chapter 8 - Organize Yourself

Family Tree.....	147
Life Cycles.....	151
Calendar.....	155
Creating a Budget Spreadsheet.....	161
State Database.....	164
Stock Market Project.....	169
