

Painless Technology Integration
Partnering 3rd through 6th Grade Math with Microsoft Excel
2nd Edition

Unit 1: Excel Basics

The Screen	1
Cells	1
Entering Data	1
Making the Data “Fit”	2
Formulas	3
Functions	3
Formatting	4
Viewing/Hiding Gridlines	7
Charts	8
Saving	9
Printing	10

Unit 2: Multiplication

Multiplication Facts with Arrays	11
Multiplying by 10, 100, and 1000	12
Multiplying by 10, 100, and 1000 and a Multiple of 10	13
Combining Factors to Make 100	14
Multiplying by 10, 100, and 1000 Self-Checking Activity	15
Editing the Self-Checking 1 Activity	16
Multiplying 1-Digit times 2-Digit Numbers (Arrays)	17
Multiplying 1-Digit times 3-Digit Numbers Flash Cards	18
Multiplying a 1-Digit Factor Self-Checking Activity	19
Editing the Self-Checking 2 Activity	20
Multiplying 2-Digit times 2-Digit Numbers Flash Cards	21
Multiplying 3-Digit times 2-Digit Numbers Flash Cards	22
Multiplying with a 2-Digit Factor Self-Checking Activity	23
Editing the Self-Checking 3 Activity	24

Unit 3: Division

Equal Groups	25
Equal Groups with the Division Statement Shown	26
Finding the Quotient (Horizontal)	27
Finding the Quotient	28
Unequal Groups	29
Remainders	30
Finding the Quotient (Horizontal) with a Remainder	31
Finding the Quotient with a Remainder	32
Finding a Two-Digit Quotient with No Remainder	33
Finding a Two-Digit Quotient with a Remainder	34

Unit 4: Properties

Commutative Property of Addition with Illustration.....	35
Commutative Property of Addition.....	36
Commutative Property of Addition with Student Input.....	37
Commutative Property of Multiplication with Illustration.....	38
Commutative Property of Multiplication.....	39
Commutative Property of Multiplication with Student Input.....	40
Distributive Property with Illustrations.....	41

Unit 5: Patterns

Shape Patterns.....	43
Number Patterns.....	44
Addition Patterns.....	45
Addition Patterns with One Missing Number.....	46
Subtraction Patterns.....	47
Subtraction Patterns with One Missing Number.....	48
Multiplication Patterns.....	49
Multiplication Patterns with One Missing Number.....	50
Mixed Practice.....	51
Mixed Practice with One Missing Number.....	52
Mixed Practice Self-Checking Activity.....	53
Editing the Self-Checking Activity.....	54
Student Activity: Creating a Pattern in Excel.....	55

Unit 6: Place Value

Numbers through 999.....	57
Numbers through 999 with Student Input.....	58
Numbers through 9,999.....	59
Numbers through 9,999 with Student Input.....	60
Numbers through 999,999.....	61
Numbers through 999,999,999.....	62

Unit 7: Decimals

Decimals and Fractions.....	63
Comparing Decimals.....	64
Comparing Decimals with Student Input.....	65
Comparing Decimals by Completing the Inequality.....	66
Adding Decimals (Vertical).....	67
Adding Decimals (Horizontal).....	68
Adding Decimals Self-Checking Activity.....	69
Editing the Adding Decimals Self-Checking Activity.....	70
Subtracting Decimals (Vertical).....	71
Subtracting Decimals (Horizontal).....	72
Subtracting Decimals Self-Checking Activity.....	73
Editing the Subtracting Decimals Self-Checking Activity.....	74

Unit 8: Expanded Form

Expanded Form through 999	75
Expanded Form through 999 with Student Feedback	76
Expanded Form through 999,999	77
Expanded Form through 999,999 with Student Feedback	78
Expanded Form with Hundredths	79
Expanded Form with Hundredths and Student Feedback	80
Student Activity: Expanded Form	81

Unit 9: Rounding

Rounding Whole Numbers	83
Rounding Whole Numbers with Student Input	84
Rounding to the Nearest Tens or Hundreds Flash Cards	85
Rounding Whole Numbers Self-Checking Activity	86
Editing the Self-Checking Whole Numbers Activity	87
Rounding Money	88
Rounding Money with Student Input	89
Rounding Money Self-Checking Activity	90
Editing the Rounding Money Self-Checking Activity	91
Rounding Decimals	92
Rounding Decimals with Student Input	93
Rounding to the Nearest Tenth or Hundredth Flash Cards	94
Rounding Decimals Self-Checking Activity	95
Editing the Rounding Decimals Self-Checking Activity	96
Student Activity: Rounding Decimals	97

Unit 10: Greatest Common Factors

Greatest Common Factors	99
Greatest Common Factors with Student Input	100
Greatest Common Factor Practice	101
Greatest Common Factor Self-Checking Activity	102
Editing the GCF Self-Checking Activity	103
Student Activity: Using the GCD Function	104

Unit 11: Least Common Multiples

Least Common Multiples	105
Least Common Multiples with Student Input	106
Least Common Multiple Practice	107
Least Common Multiple Self-Checking Activity	108
Editing the LCM Self-Checking Activity	109
Student Activity: Using the LCM Function	110

Unit 12: Fractions

Fractions as Part of a Square	111
Fractions as Part of a Rectangle.....	112
Fractions as Part of a Circle.....	113
Comparing Unit Fractions	114
Comparing Fractions Less than or Equal to One (Bar Graph)	115
Comparing Fractions Less than or Equal to One (Pie Graph)	116
Comparing Equivalent Fractions (Fraction Strips).....	117
Multiplying to Find Equivalent Fractions.....	118
Multiplying to Find Equivalent Fractions (Missing Factor).....	119
Equivalent Fractions Practice	120
Simplifying Fractions	121
Mixed Numbers as Division.....	122
Mixed numbers as “Whole” and “Part”.....	123
Adding Fractions with Common Denominators.....	124
Adding Fractions Less Than One.....	125
Adding Fractions Self-Checking Activity	126
Editing the Addition Self-Checking Activity	127
Subtracting Fractions with Common Denominators	128
Subtracting Fractions (All).....	129
Subtracting Fractions Self-Checking Activity.....	130
Editing the Subtraction Self-Checking Activity.....	131
Student Activity: Fractions.....	132
Student Activity: Adding and Subtracting Fractions.....	133

Unit 13: Number Lines

Whole Numbers on a Number Line.....	135
Whole Numbers through 100.....	136
Comparing Whole Numbers through 100.....	137
Writing an Inequality for Whole Numbers through 100	138
Halves and Fourths	139
Tenths	140
Comparing Fractions	141
Comparing Decimals	142

Unit 14: Plotting Points and Lines

Plotting Points.....	143
Connecting Points (Addition Rule)	144
Connecting Points (Addition Rule) with Student Input.....	145
Connecting Points (Multiplication Rule).....	146
Connecting Points (Multiplication Rule) with Student Input.....	147
Student Activity: Plotting Points	148

Unit 15: Temperature

Fahrenheit	151
Finding the Difference between Two Temperatures	152
Comparing Fahrenheit to Celsius	153
Converting Fahrenheit to Celsius	154
Converting Celsius to Fahrenheit.....	155
Student Activity: Graphing High, Low, and Noon Temperatures.....	156

Unit 16: Length

Measuring to the Nearest Half Inch	159
Measuring to the Nearest Quarter Inch	160
Measuring to the Nearest Eighth Inch	161
Measuring to the Nearest Sixteenth Inch	162
Changing Feet to Inches with Steps and Ruler Shown	163
Changing Feet to Inches with Ruler Shown	164
Changing Feet to Inches Flash Cards	165
Changing Feet to Inches Self-Checking Activity	166
Editing the Feet to Inches Self-Checking Activity	167
Changing Inches to Feet with Steps and Ruler Shown	168
Changing Inches to Feet with Ruler Shown	169
Changing Inches to Feet Flash Cards	170
Changing Inches to Feet Self-Checking Activity	171
Editing the Inches to Feet Self-Checking Activity	172
Changing Yards and Feet to Feet with Steps and Ruler Shown	173
Changing Yards and Feet to Feet with Ruler Shown	174
Changing Yards and Feet to Feet Flash Cards	175
Changing Yards to Feet Self-Checking Activity	176
Editing the Yards to Feet Self-Checking Activity	177
Student Activity: Estimating and Measuring Length	178

Unit 17: Mean, Median, Mode, and Range

Mean: Averaging Two to Six Numbers	181
Mean with Student Input	182
Mean Flash Cards	183
Mean Self-Checking Activity	184
Editing the Self-Checking Mean Activity	185
Median of 7 Numbers	186
Median of 6 Numbers	187
Median Flash Cards	188
Mode of 10 Numbers	189
Mode Flash Cards	190
Mode Self-Checking Activity	191
Editing the Self-Checking Mode Activity	192
Range	193
Range Flash Cards	194
Range Self-Checking Activity	195
Editing the Self-Checking Range Activity	196
Mean, Median, and Range Self-Checking Activity	197
Editing the Self-Checking Mean, Median, and Range Activity	198
Student Activity: Mean, Mode, and Range	199

TAKS Alignment for Texas Teachers

Grades 3 and 4	Back of book
Grades 5 and 6	Back of book
